REPORT TO THE PRESIDENT

The PRESIDENT,

The White House.

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Act for an amendment to Article VII of the Supplementary Code of Fair Competition for the Complete Wire and Iron Fence Industry, a division of the Fabricated Metal Products Manufacturing and Metal Finishing and Metal Coating Industry, by the Supplementary Code Authority for that Industry.

The Supplementary Code of Fair Competition for the Complete Wire and Iron Fence Industry was approved on July 3, 1934.

FINDINGS

The Assistant Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment of said Supplementary Code having found as herein set forth and on the basis of all proceedings in this matter:

It has been found that:

(a) The amendment of said Supplementary Code and the Supplementary Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of co-operative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Supplementary Code as amended complies in all respects with the pertinent provision of said title of said act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7 and sub-section (b) of Section 10 thereof.

(c) The Code empowers the Supplementary Code Authority to present the aforesaid amendment on behalf of the Industry as a whole.

(d) The amendment and the Supplementary Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Supplementary Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, the amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.
